

Vittorio Franzese is a Master's Law student at the University of Naples Federico II. During the academic year 2022-2023, he participated in the Erasmus Exchange Program at the Riga Graduate School of Law. Currently, Vittorio is a Visiting Student Researcher at VUB under the supervision of Professor Gloria González Fuster, conducting his master's thesis research on the European Commission's Proposal for a Regulation on Artificial Intelligence (AI Act).

Vittorio's research interests cover various but interacting areas, including EU law, Competition law, Cyber law, AI, and Digital Regulation. He is a member of the European Law Students' Association (ELSA) and actively participates in its activities.
